

# KING'S HOUSE SCHOOL

## SPORTS GROUND

Dear Clients,

We would like to inform you that essential **road works and resurfacing on Riverside Drive** will be taking place from **3rd November**, running for approximately five weeks. Traffic lights will be in operation, and most of the work will take place during the daytime.

The **most significant disruption** is expected between **weeks 2 and 4**, although some delays should be anticipated throughout the entire period. During this time, the road will occasionally be restricted to **one lane**, primarily between weeks 2 and 4.

There may be some **challenges for coaches** during the works, but we will share further updates as more information becomes available.

We have also been advised that the **railway bridge between Dan Mason Drive and Riverside** will be **reopened**, which should help to ease local traffic. Please note, however, that this may only be a **temporary measure**.

We kindly ask that you **inform all relevant parties from your club or school** that some disruption is likely during this period. We are working closely with the **Hounslow Parks team** to minimise any inconvenience and ensure that operations continue as smoothly as possible.

Thank you for your **patience and understanding** during these works. Should you require any assistance or updated information regarding access, please don't hesitate to get in touch or please look at our website.
